This is just the program for the young artist who loves to experiment, explore, and create to their imaginations delight! Mrs. Vilagos will let the young artist's imagination go wild and push the limits of their creative thinking skills as they break open the paints and pastels alongside all the makerspace materials to explore and experiment all through our summer camp. Campers will be given time to push their skill levels with one on one time with Mrs. Vilagos, drawing, painting, and 3D art making, as well as explore their own unique ideas with Mrs. Vilagos' guidance. Included with art camp will also be fun nature walks and playful party time!

Schedule and Events:

9-9:30am	Sign in and warm up drawing activities
9:30-10am	Messy Process Art/Nature Art Outside (Bad weather? Art Games/Messy Art inside)
